

Laura Spina

FRONTEND DEVELOPER

/ About me

I am Laura, a Frontend developer with marketing and copywriting experience. I am very ambitious and I love challenges, besides I like to work in a precise and orderly way. I'm fluent in English, Spanish, Italian and a little bit of French. I can cook very well and I like street photography.

/ Work experience

FRONTEND DEVELOPER

*Bravoure /
Amsterdam
Jan 2022- present*

I work with many clients providing fancy animations and performant code using NextJs, Styled Components and more recently ChakraUi. Creative designs are always protagonists in any Bravoure's project.

JUNIOR FRONTEND DEVELOPER

*Openmind part of
Accenture Song /
Milan
Jan 2021-Dec 2021*

I worked as a frontend developer in one of the company leaders in the e-commerce consultancy market. I've learned how to maintain legacy jQuery code as well as starting new features in VueJS.

/ Education

TALENT GARDEN

*Full stack
development
bootcamp
Milan 2020-2021*

I've learned how to create and maintain a development environment and a proper workflow. Design a dynamic web application using frontend development frameworks like React. Backend development with NodeJs

LICEO FANOLI
